## ROUMANIA REFUSES TO ALLOW RUSSIANS TO PASS DANUBE

**SEMI-OFFICIAL STATEMENT FROM BUCHAREST SAYS, ROUMANIA REFUSES PASSAGE OF RUSSIAN ARMS AND AMMUNITION.**

**Roumania Preparing to Intern Russian Vessels Carrying These War Munitions—This Action Will Have an Important Bearing on the Serbian Situation as it Closes to Russia the Only Overland Route into Serbia, Forcing Slavs to Take Longer Route via Bulgarian Coast and Black Sea—Lord Kitchener Sent to Near East on an Important Mission and It is Believed Stay in Far East Will be of Such Length as to Necessitate His Resignation from British Cabinet—Berlin Claims Russians in Galicia Have Been Forced Back to their Old Positions Across the Strip.**

London, Nov. 6.—A Bucharest semi-official statement via wireless from Berlin claims that Roumania is refusing passage via the Danube, of arms and ammunitions from Russia for Serbia.

The Roumanians are said to be preparing to intern the Russian vessels carrying these munitions.

Such action would have an important bearing upon the Serbian situation, as it means the closing of the only overland route for Russian reinforcements into Serbia, forcing the Russians to take a longer way of landing on the Bulgarian coast via the Black Sea.

The Post announces that Earl Kitchener has been entrusted with an important mission in the near East and has already left London. The Post claims that it is believed that Kitchener's stay will be so long that it will be necessary for him to resign from the cabinet soon. The importance of his present mission, says the Post, makes it certain that his resignation is only delayed. Lord Haldane and Earl Derby are being mentioned as Kitchener's successors.

A bulletin today officially announced that Kitchener has gone to the eastern war theatre.

The police today seized the plant of the London Globe.

The French war office announces the failure of the German attacks against La Courtaigne.

The allies have temporarily abandoned their hope that the

Greek cabinet will precipitate Greek intervention in the war.

Berlin announces that the Austro-Germans in Galicia have forced the Russians back to their old positions across the Stripa river, increasing their Russian prisoners on that front to six thousand.

### Bulgarians Have Taken Nish

Berlin, Nov. 6.—It is officially announced here that the Bulgarians have captured Nish, the capital of Serbia. The Germans also captured Varvaria, which is forty miles northwest of Nish, with three thousand prisoners. The Bulgarians fought for three days at Nish before capturing it. They captured 2,350 Serbians and two cannons. German advances report general gains for both the Bulgarians and Germans in northern Serbia.

### Turkish Attacks Repulsed

London, Nov. 6.—The Turkish force in the Dardanelles took the offensive on Nov. 4, and made four attacks on the positions of the entente allies. All these attacks were repulsed, it is announced in an official statement issued here today.

"The official statement announcing the repulse of the Turkish attacks, says:

"Between 8:30 and 9:30 p. m. on the night of the 4th inst., the Turks attacked four times against our extreme right at Anzac. The enemy advanced with filled handbags and built small barricades. On each occasion, however, they were repulsed with bomb and rifle fire and by 11 p. m. all was quiet.

"Although during this attack there was considerable firing and demonstrations by the enemy against different positions of our line no other attack was attempted. Our casualties were very light."

## TEN DEAD IN FACTORY FIRE IN NEW YORK

**FACTORY OF DIAMOND CANDY COMPANY IN BROOKLYN IS DESTROYED—MANY GIRLS WERE FORCED TO JUMP.**

New York, Nov. 6.—The six-story Diamond Candy company's factory in Brooklyn was destroyed by fire this afternoon. Many women and girls were forced to jump from the upper windows and fire escapes.

The police report at least ten known dead.

The Ardmore Retailers Association have changed their night of meeting from Tuesday to Wednesday night, and at the next meeting the question of employing a secretary will be up for discussion.

### BOMB-THROWING AGAIN

**Third Attempt Made to Wreck the Italian Consulate in New York.**

New York, Nov. 6.—The third attempt within a year to wreck the Italian consulate here was made today, when a bomb, thrown from a nearby roof, hit the sidewalk. No one was injured. One hundred and fifty Italian reservists were in the consulate at the time.

### FOUR AMERICANS SAFE

**Americans Reported Killed by Villa Return Safely to Naco.**

Naco, Ariz., Nov. 6.—The four Americans who were reported Thursday as having been shot by Villa, arrived here today. All are well.

## ARE WORKING HARD FOR BIG COUNTY FAIR

**INTEREST IS KEEN THROUGHOUT COUNTY, AND EVERY FARMER IS GOING TO STRIVE TO MAKE IT A SUCCESS.**

That Carter county will have a big county fair in 1916 is now assured, and from what comment has been heard on all sides, it will be a most successful one, from the fact that everyone who has been asked regarding it are taking off their coats and working in real earnest.

The county demonstration agent has issued advertisements for holding elections in the various townships according to law, to secure members of the fair association. These elections will be held over the county on the 13th of the month, and after all are selected officers and a board of directors will be chosen to arrange the program, make arrangements for the grounds, and perform all other duties required.

The first year is going to be the hardest to get past, from the fact that everything except the bare grounds and track must be provided for, but, with concerted action, it is believed every obstacle will be overcome and Carter county will have one of the best fairs in the southern portion of the state. Every member of the Board of County Commissioners, as soon as they adopted the fair bill, announced that they were ready to begin work for its success at once, and they will assist in holding the elections in their various districts, and work up interest to make every township fair as successful as the county fair will be if all work together in harmony.

The city, upon a previous occasion, offered to donate five hundred dollars toward building the necessary buildings at the fair grounds, besides giving the Carter County Fair association a long-time lease on the city property, where the grounds are situated, for a very nominal consideration, and it has been stated that Mayor Val Mullen and the Board of City Commissioners are ready and willing to repeat this offer, as soon as the Carter County Fair association is organized and officers chosen, which will be before the end of this month.

One prominent farmer of this vicinity, who has been anxious for a county fair for years, stated yesterday afternoon that he was ready to do anything in his power to make the fair a success and thought it a wise move upon the part of the county commissioners to adopt the free fair bill. With a pull all together, the Carter county fair will be a big success.

### Oil to Sprinkle Ada Streets

Ada, Okla., Nov. 6.—The Rexol Company today tendered this city as much oil without cost as will be necessary to sprinkle the unpaved portion of the principal streets of this city. The company has several good oil wells near this city and the opportunity offered will be accepted by the city at once.

Cotton seed took another boost yesterday and the market was active at \$35 per ton. Competition is keen among local buyers.

## FRED KINKADE DIED SATUR- DAY EVENING

**WELL KNOWN YOUNG BUSINESS MAN OF THIS CITY PASSES AWAY AFTER BRIEF ILLNESS—FUNERAL MONDAY.**

Fred V. Kinkade, a well known young man of this city, died at his home on F street, northwest, yesterday afternoon at 6 o'clock, after a brief illness. No definite arrangements have been made for the funeral, which will be conducted Monday afternoon. Deceased was 37 years of age, and is survived by his wife, his mother and one brother and sister.

Fred Kinkade came to this city with his parents when quite young, and was practically raised in this city. He was a young man of exceptional business ability, and held many positions of trust during his lifetime. For several years he was connected with the Dawes commission at Muskogee, and was also commissioner to the federal court of claims.

For some time after statehood he was United States commissioner for this section, but resigned to attend to his private affairs.

Definite arrangements for the funeral will be made after his brother arrives today.

Mr. Kinkade had a host of friends throughout the state who will be grieved at his untimely death and sympathy is extended to the bereaved family in their sorrow. Up to a few days ago he was employed by the citizens committee as clerk in the adjustment of claims resulting from the recent explosion in this city.

### Obituary.

Fred V. Kinkade was born May 10, 1878 in Bowling Green, Ky. His parents moved to Texas when he was two years of age. He finished a high school education in Texas and graduated from the Metropolitan Business College of Dallas, Texas. His parents moved to Ardmore in 1894 when deceased was 16 years of age and he was practically reared in this city. He did his first work as a stenographer for J. B. Thompson of Pauls Valley who is now a member of congress. He was later employed with Judge John T. Hinkle and Judge J. C. Thompson of this city. His next position was with the Dawes Commission at Muskogee and afterward was with Federal Judge Humphrey. He was appointed United States Commissioner and was at the time of his death commissioner to the Federal Court of Claims. His father, W. I. Kinkade passed away in this city seven years ago on the 20th day of February. His mother Mrs. Zara L. Kinkade is now past 62 years of age. She is bearing up bravely under her loss. Mrs. L. J. Sims and two children Zara L. and Beatrice arrived here a week ago from Pecos, Texas. Mrs. Sims is a sister to the deceased and was known here as Miss Effie Kinkade. An only brother Sheridan Kinkade has been reached and wired from Bartlesville yesterday afternoon that he would arrive here today at noon. While with the Dawes Commission deceased was admitted to the bar and was a practicing lawyer at the time of his death. He was married to Miss Effie Landrum, who was engaged in teaching in the city schools and who survives him. He was with the citizens committee when he was stricken with apoplexy and was an intense sufferer for seventeen days before death relieved him. The Kinkade family was always a devoted one. Deceased was devoted to his mother and to his wife. Not only in the family circle but in the business circles of the city his loss will be keenly felt.

### Files Petition in Bankruptcy

McAlester, Okla., Nov. 6.—The Milwaukee-Schade Company of McAlester, a corporation conducting an undertaking and embalming business, filed a voluntary petition in bankruptcy here today and asked for the appointment of a receiver.

Assets amounted to about \$5,000, with liabilities of about \$6,500.

### DANIELS' PLANT BURNS

**For Second Time Newspaper Plant at Raleigh is Destroyed by Fire.**

Raleigh, N. C., Nov. 6.—For the second time since he became secretary of the navy, the plant and building of the News and Observer here, Daniels' newspaper, was destroyed by fire today. The loss is about a quarter of a million dollars.

### GOVERNOR OPENS FAIR

**Waco's Cotton Parade Yesterday Was Headed by Ferguson.**

Waco, Tex., Nov. 6.—Governor Ferguson today drove a six-mile team hitched to a float carrying eight bales of cotton, in opening the cotton palace parade.

## ARDMORE MUST HAVE A PUBLIC MARKET PLACE

**TRAFFIC IS GETTING TOO HEAVY TO PERMIT TEAMS CONGREGATING UPON MAIN STREET—SHOULD PROVIDE A PLACE.**

Since traffic upon the main streets of the city has become so great it is absolutely necessary that farm wagons and wagons conveying other products to the market be kept off the corners in order to give free passage, it is therefore imperative that the city provide a central market place, easily accessible to farmers and purchasers alike.

Several places have been suggested but Charley Fraley has proposed to solve the problem if given encouragement and erect a market house and square at the corner of Caddo and Broadway on the lot now occupied as a wagon yard. Mr. Fraley proposes to erect the entire property, erect suitable buildings and make a general market place such as is conducted in many of the northern cities of a like population.

Mr. Fraley has given the matter considerable thought, his location could not be beaten as it is most centrally located and once the public became use to the change they would know where to go to purchase anything from a spring chicken to a bale of cotton.

Municipal markets, as a rule, have not been successful from the fact that politics has too often entered into the management of them, but a privately owned market and square of this character with a nominal fee charged annually for space or a stall would go a long way toward solving the problem that is going to confront the people of this city before another year has passed.

## GERMAN SUBS GET FOUR MORE ALLIES' SHIPS

**GERMAN SUBMARINES SLIPPED THROUGH STRAITS OF GIBRALTAR ON NIGHT OF NOVEMBER SECOND, SAYS REPORT.**

Paris, Nov. 6.—The marine ministry announced today that enemy submarines from the Atlantic passed through the straits of Gibraltar on the night of November 2. On Thursday, they sank two French and one Italian steamship. The crew of one vessel is missing. This is the second time that submarines have passed into the straits.

Near Algiers, these submarines yesterday sank a fourth steamer. The crew of this vessel was saved.

### Prominent Financier Dead.

Philadelphia, Pa., Nov. 6.—P. A. B. Widener, a widely known financier, died at his home here today.

## 'ARDMORE IDEA' IS PROVING TO BE A WINNER

**JUST SETTLEMENT OF CLAIMS BY ARBITRATION AND NOT LITIGATION WILL COST LEGAL PROFESSION MANY CASES.**

"Do you think that a better way could have been devised to bring about a settlement between the Santa Fe railroad company and the citizens of the city who suffered property loss and personal injuries as a result of the recent explosion," is the question asked of strangers who marvel at the way people have been paid for those losses since the explosion occurred less than two months ago.

"The Ardmore Idea," as it has been termed by the press abroad, seems to have hit upon a happy solution of bringing about settlements between individuals and big corporations.

Up to date, the Santa Fe claim agents in this city have paid out nearly one half million dollars, and before they are through, will have passed the million mark, as some of the biggest property losses are yet to be passed upon. So far the claim agents and individuals have agreed upon the terms of settlement and they believe that every case will be settled finally without litigation. Some differences of opinion have arisen as would in any ordinary transaction, but the citizens' committee who have the last word, come to the rescue and either bring about a compromise between the claimant and the railroad company or set their own figures which under the terms of the agreement entered into between the committee and the railroad company must be adhered to by company and claimant alike. So far the committee has not been called upon to act in any of the 1100 claims settled, and they believe that they will not be called upon to settle any differences that may arise.

"The Ardmore Idea" has certainly established a precedent in railroad history and of the most favorable nature. When a company feels disposed to act fair, as the Santa Fe did, and a committee of representative citizens is selected, acceptable to the company without comment or suggestion, who have the last word in all matters, both parties are more liable to get exact justice than they would in any court of justice on earth, at any rate, the railroad company and the citizens of this city feel that way about the matter, and as they have a practical demonstration of its innermost workings, they are better prepared to judge than a mere theorist.

## WHITTINGTON HOTEL WILL BE DEMOLISHED

**CAPTAIN WHITTINGTON SAYS IF SETTLEMENT IS MADE HE WILL PUT LARGE FORCE OF MEN AT WORK.**

Captain Whittington stated yesterday morning that in the event he made a settlement with the Santa Fe he would put a large force of men to work taking down the wrecked building and cleaning the lot preparatory to building a modern hotel in the place of the one destroyed.

The plans for a new hotel have been made, and no doubt will be adopted, which call for a seven-story building of 200 rooms, and would be adequate to the needs of the city for many years to come. It has been rumored that a stock company would be formed which would purchase the site from Captain Whittington and erect the hotel themselves. To date he has not been approached upon the subject, but, as he has offered his property for sale in the past, no doubt a trade could be consummated, if other parties desired to enter the hotel business.

## BOMB CAUSED FIRE ON SHIP SAYS CAPTAIN

**CAPTAIN OF STEAMER RIO LAGES WHICH PUT INTO PORT AT HALIFAX AFIRE, SAYS INCENDIARY BOMB CAUSED FIRE.**

Halifax, Nov. 6.—The captain of the steamer Rio Lages, which put in here last night on fire, said an incendiary bomb caused the fire.

The steamers was loaded with sugar for England by German and Austrian stevedores in New York.

### WEATHER FORECAST

New Orleans, La., Nov. 6.—The weather forecast for Oklahoma for Sunday is fair.
